Devolution and Local Government Reorganization Update

The government confirmed that Suffolk and Norfolk are included in the Devolution Priority Programme, and have agreed to the request from the Suffolk County Council administration to cancel this year's local elections in May. (I voted against this). This means that councils in Suffolk now need to work on proposals for reorganisation to submit to the government, initial proposals by 21st March, full plans by the autumn, with a view to one or more unitary councils being created, instead of the current two-tier system – a county council and several districts/borough councils performing different functions.

Suffolk County Council has announced that it will be proposing one single unitary council for Suffolk, although district and borough councils have been clear that they would prefer two or three.

The plan is for a mayor for Norfolk and Suffolk to be elected in May 2026. The government has launched a public consultation on proposals to create a Mayoral Combined County Authority for Norfolk and Suffolk, and you can give your views on the proposals by using this link: <https://www.gov.uk/government/consultations/norfolk-and-suffolk-devolution>

Suffolk Fire and Rescue Inspection Report

On Monday 10 February, The Home Office published a report of its recent inspection of Suffolk's Fire and Rescue Service. Although the inspection found that the service was good at preventing fires, protecting the public and that it met requirements for responding to major incidents, the report was also concerning as it several areas where the service needed to improve, including improving culture and morale, senior leaders to act as role models and show they are committed to the values of the service through their behaviour, improving communication between staff and senior leaders and making sure employees are confident raising concerns. You may have read in the press recently that the Fire Brigades Union is alleging that Suffolk County Council has made mistakes processing firefighter pay and pensions for years and has not addressed them or listened to employee concerns about the errors.

Suffolk County Council has subsequently announced additional investment of an extra £1.6 million over two years to improve the service, and this proposal will be decided at Cabinet in March. You can read the inspection report in full here: <https://s3-eu-west-2.amazonaws.com/assets-hmicfrs.justiceinspectors.gov.uk/uploads/frs-assessment-2023-25-suffolk.pdf>

Active Travel Fund Award

Suffolk County Council has been awarded £3.7 million from the government to encourage cycling, walking and active travel across the county, and to make journeys more accessible. This comprises £0.9 million from the Round 5 of the Active Travel Fund, and £2.8 million from the Consolidated Active Travel Fund. The money can be spent on the following schemes: footpaths and crossing points, maintaining existing walking and cycling infrastructure, improving cycle routes and Public Rights of Way, traffic calming,

and rail station access improvements. The council is currently considering suitable local projects, which will be announced in the coming months.

Changes to Suffolk's Library Service are Moving Back In-House

Suffolk County Council has announced that from 1 June 2025, its libraries service will be moved back in-house. Currently the libraries are run by a local charity, Suffolk Libraries, but negotiations on the new contract have now broken down. The council made the decision to divest its libraries in 2012 and they have been run by Suffolk Libraries ever since then. The council is reassuring residents and library employees and volunteers that no front-line jobs will be cut, that libraries will remain open and there will be no reduction to opening hours. Running the library service had been financially challenging in recent years, with the council agreeing to provide an extra £720k in May 2023 for that financial year. The council is also keen to reassure Friends groups that money raised for local libraries will still be used for those libraries.

Open letter to Suffolk residents about changes to the library service:

Local Transport Plan and Area Transport Plans

At Cabinet on Tuesday 25 February, a Local Transport Plan for the county from 2025-2040. The plan is needed by law to access funding from the government for active travel and major transport schemes, and details how the council plans to prioritise walking, cycling and wheeling in town centres to reduce congestion and air pollution. It also describes the projects that will be needed to improve transport links for Suffolk, such as works at Ely and Haughley railway junctions, better public transport, and how to manage the transition from fossil fuels. Also agreed were 15 Area Transport Plans detailing the council's transport ambitions for towns around Suffolk.

You can read the Local Transport Plan 2025-2040 and the fifteen Area Transport Plans here: <https://www.suffolk.gov.uk/roads-and-transport/transport-planning/suffolks-local-transport-plan>
